

November 7, 2023

Dear Tremont School Community,

As Chair of the Head of School Search Committee, I am writing to update you on the excellent progress that has been made.

Cultivating and Interviewing

Over the last two months, our search consultant has been very busy cultivating and interviewing a broad and deep pool of potential candidates for the position of Head of School. The HOS Search Committee is now tasked with reviewing all of the candidates who have applied and is soon to meet to narrow down the candidate pool to semi-finalists who will participate in an in-depth interview process with committee members coming up before Thanksgiving.

Finalists

In December/January three final candidates will meet with the Board and visit the school. During their school visits, each finalist will have the opportunity to meet with Behzad and with Tremont School staff, students, and parents. There will be an online survey for all constituents to give feedback about each candidate to the Search Committee.

HOS Recommends Final Candidate to the Board

Once all final candidates have visited the school, and after completing extensive background and reference checks, the Search Committee will recommend one final candidate to be voted on by the Board to assume the role of Head of School to begin on July 1, 2024.

Announcement of Head of School Elect

In late January or early February, our HOS Elect will be announced publicly to the community.

If you have any questions please contact me [directly](#).

Thank you all in advance for your participation in this process.

Cheers -

Linda Echt, Chair, HOS Search Committee
